As geographers we will look at the River Thames and how it has influenced the growth of the city.
We will use our map skills to locate the source and key points along the river.
We will also look at some significant London landmarks

As scientists we will look at the properties of everyday materials and what makes them suitable for different purposes. Using this information we will design a test to find suitable materials for decorations for our sensory garden. We will plan the test, make predictions, using what we know about those materials, monitor changes over time and record the results of the test.

Paddington

Junior Class

As mathematicians, we will develop our understanding of number and the four main functions by applying them to real life problems including money and units of measurement.
Including calculating journey times , distances and costs.

Computing
We will use our computing skills to produce a newspaper report in English and to research plant types for our sensory garden.

As musicians, we will prepare for Mothering Sunday and Easter. We will learn hymns to perform during both services. We will also add actions to some of our singing to help relay its message.

As writers, we will develop our comprehension skills by looking closely at a range of text types. We will look at the features of promotional leaflets and design our own for a London landmark. We will also look at the features of a diary entry and used these skills to write our own diary entry set in the Tower of London. We will be practising our use of correctly punctuated direct Speech in our writing.

A Bear Called Paddington

RE
We will look at Hindu places of worship, gods and goddesses and the Hindu creation story.

In PHSE we will look at how we can keep our minds and bodies healthy. What can influence our health and where we can get

As designers we will look at London landmarks, including bridges and buildings. We will the create a group construction of a chosen landmark. We will plan what we need before we create and review our work when we have finished. We will also create moving posters,

In PE, we will develop our tag rugby skills with Mr Bagnall. We will also create our own dance based on London landmarks. We will work in pairs and small groups, using our bodies to take you on a tour of London.

As artists we will look at a range of works in London art galleries and sue them as inspiration for our own work. We will look at the technique of pointillism and the use this skill to create our own painting of a London landmark.
